If you try to access the Elective URL prior to the "turn on" time you will see a message stating that electives are currently not available.

**The elective signup will be open on Monday March 10, 2014 at 6:00pm.**

Once logged into the elective page, you will see a list of electives available for each student in the family. The electives shown are specific to each student's grade.

Details for each elective can be viewed by clicking on the "+" icon and they can be hidden again by clicking on the "-" icon:
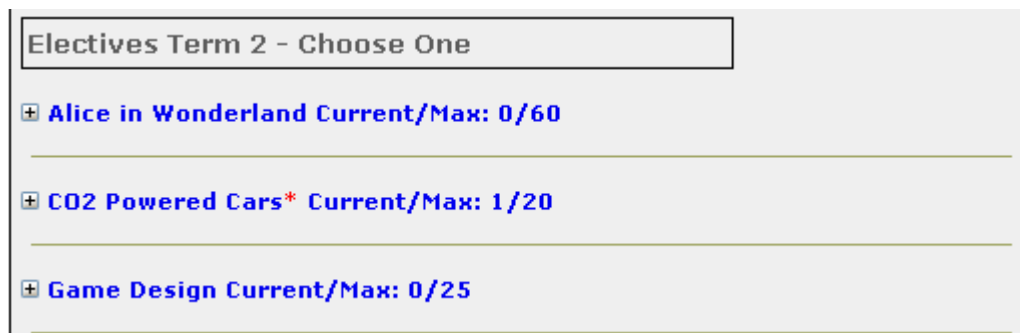

After clicking on the "Add" button beside an elective, it will be assigned to your child. It is possible that the maximum number of students has been reached while you decide what option to choose, in such cases you will get a message explaining that space has reached the maximum and you will have to choose a different elective.

Once an elective is chosen, you cannot change it without going through an administrator at the school. **Please choose carefully.** A message will inform you if the elective has been added successfully.

Elective added for this student!

OK

Updated information will show and a "*" will display showing the selected option for each student:

Electives Term 2 - Choose One

⊞ **Alice in Wonderland Current/Max: 0/60**

⊞ **CO2 Powered Cars* Current/Max: 1/20**

⊞ **Game Design Current/Max: 0/25**

You can now safely log out of the Family Zone.
